

Control & Power | Transformers

Aurora 20-60W/VA Non Dimmable Electronic Transformer

DA-E60

Photometrics

Wattage	60
---------	----

Product Features

Brand	Aurora
SKU Type	Dimmable
Dimmable	Yes
Warranty	1 Year
Barcode	5055160000000

Electrical Specification

Input Voltage (Min)	240
Input Voltage (Max)	240
Output Voltage	11.4
Input Voltage Type	AC

Physical Attributes

Length (mm)	100
Width (mm)	41
Height (mm)	20

Product Weight (KG)	0.064
Gross Weight - Product & Box (KG)	0.071
Packaging Length (mm)	105
Packaging Width (mm)	40
Packaging Height (mm)	30
Outer Packaging Length (Inches)	4.13
Outer Packaging Width (Inches)	9.35
Outer Packaging Height (Inches)	9.24

Features

Marketing Feature 1	Dimmable Driver - Integrated for better dimming compatibility
Marketing Feature 2	Aluminium Heatsink - Improved reliability
Marketing Feature 3	Cool Operation - Suitable for enclosed downlights
Marketing Feature 4	L70 15,000hrs Lifetime - Long life, less maintenance
Marketing Feature 5	2 Year Warranty - Added peace of mind
